Dear Sir / Madam

Re: Universal Credit Award

My NIno:

I claimed Universal Credit / joined a claim for Universal Credit as a partner on date.

I am writing to request that you include the Limited Capability for Work / Limited Capability for Work Related Activity Element in the assessment of my Universal Credit award.

This is because I was on 'Old-Style' ESA and in receipt of the Work Related Activity / Support component when I made my claim / joined a claim for Universal Credit, and under Regulation 19(2)-LCW or Regulation 19(4)-LCWRA of the Universal Credit (Transitional Provision) Regulations (2014) I should have the Limited Capability for Work / Limited Capability for Work Related Activity Element automatically applied as I am treated as having a Limited Capability for Work / Limited Capability for Work Related Activity through having already been assessed as having these under my entitlement to ESA.

Please note this also means that I do not have to wait a 'relevant period' nor need to attend a Work Capability Assessment in respect of the Element, and should not be placed in the 'all work related activity' group.

Add where needed:

Please ensure the Element is included back to the date I made my claim / joined a claim for Universal Credit in line with Regulation 19(3)-LCW or Regulation 19(5)-LCWRA of the Universal Credit (Transitional Provision) Regulations (2014).

Yours faithfully

NOTE: If on "Full" (Digital) Service the claimant can type out / copy the above into their online journal.
